Re: Amendment of Section 73.202(b)
FM Table of Allotments
FM Broadcast Stations
(Warsaw and Windsor, Missouri)

Dear Ms. Salas:

Transmitted herewith on behalf of D & H Media, is an original and four copies of its Petition for Rule Making seeking the commencement of a proceeding to amend the FM Table of Allotments to: (1) allot Channel 253C3 at Windsor, Missouri, as that community's first local aural service, (2) delete the allotment of Channel 253A at Warsaw, Missouri and (3) modify the facilities of Station Facility ID No. 39629 to specify operation on Channel 253C3 at Windsor, Missouri.

Should any questions arise concerning this matter, please contact this office directly.

Respectfully submitted,

Howard J. Barr

List A B C D E MMB

Allotments be amended as follows:

<u>Community</u>	<u>Present Channels Allotted</u>	<u>Proposed Channels Allotted</u>
Warsaw, MO	249A, 253A	249A
Windsor, MO	_____	253C3

As demonstrated herein, Windsor, Missouri is a community for allotment purposes. See Revision of FM Assignment Policies and Procedures, 90 FCC 2d 88, 100 (1982) (requirement that allotment be to a “community” if the community is incorporated or is listed in the census). Windsor was incorporated in 1873 and has a population of 3044 persons. Windsor has a mayoral/Board of Aldermen form of Government. Windsor has a fire department as well as an active Chamber of Commerce, Lyons Club, and Community Betterment Council. The community also supports a number of houses of worship, including the Assembly of God Church, Bible Baptist Church, First Baptist Church, Saint Bartholomew Catholic Church, First Christian Church and Eldorado Methodist Church.

2. The allotment of Channel 253C3 to Windsor, and the concurrent deletion of the allotment of Channel 253A at Warsaw, Missouri, will not deprive Warsaw of its only local service. Station KAYQ(FM) is licensed to Warsaw, providing the community with its first local service.

3. The proposed change of community of license will provide Windsor its first local service, and will increase its service to surrounding communities.

4. As stated above, two full-time commercial stations are licensed to Warsaw while no commercial stations are licensed to Windsor. The estimated population of Warsaw is 1,677 persons and the population of Windsor is estimated to be 3,044 persons.

5. This proposal serves the public interest. Under the allotment priorities set forth in *Revision of FM Assignment and Procedures*, 90 FCC 2d 88 (1982), the Commission will consider the following factors in granting a Petition to amend the Table of Allotments:

- (1) first full-time aural service;
- (2) second full-time aural service;
- (3) first local service; and
- (4) other public interest matters.

with co-equal weight given to priorities (2) and (3). Warsaw is presently allotted a first and second local service. The proposed allotment will provide Windsor with its first local service (fulfilling the Commission's third priority for FM allocations) while allowing Warsaw to continue to receive local service from KAYQ(FM). Substitution of Windsor for Warsaw would therefore result in a preferential arrangement of allotments. 47 U.S.C. § 307(b) (1998).

6. D & H Media, LLP hereby certifies that it has a present intention to apply for the new channel when allotted, and when authorized, D & H Media will build the modified facilities promptly and commence operation.

WHEREFORE, for the foregoing reasons, D & H Media, LLP hereby requests that the Commission grant the Petition for Rulemaking, and commence a rule making proceeding to allot Channel 253C3 to Windsor, Missouri, delete the allotment of Channel 253A at Warsaw, Missouri, and modify the license of the above-captioned Station to

specify operation on Channel 253C3 at Windsor, Missouri.

Respectfully submitted,

D & H MEDIA, LLP

AUGUST 2000

PROPOSED RULEMAKING
D & H MEDIA, LLC
CH.253C3 98.5 MHz
WINDSOR, MISSOURI

FCC ORIGINAL

ENGINEERING STATEMENT

Concerning a request for Rulemaking to assign Channel 253C3 to Windsor, Missouri and to reserve the channel for the new permitted facility file number BMAP-890725MF.

D & H MEDIA, LLC requests that the FCC allot Channel 253C3 to Windsor, Missouri, with 253C3 at Windsor reserved for BMAP-890725MF.

D & H MEDIA LLC has retained the services of Vir James P.C., Consulting Radio Engineers, to prepare the engineering portions of this request for FM Rulemaking for Windsor, Missouri.

Measurements in this report are in the metric system. Exhibit E-1B-2 tabulates the appropriate conversion factors.

The proposed reference coordinates for Channel 253C3 can be assigned at a site west of the city of Windsor as follows:

NL: 38 Deg 32 min 40 sec
WL: 93 Deg 36 min 24 sec

A study of existing and proposed FM stations and allocations on file as of the date of this request for Rulemaking shows that there are neither cochannel nor adjacent channel commercial FM stations within the minimum distance separations specified in Section 73.207 of the FCC rules.

CH.	FREQ.	NEAREST ALLOCATION		CALL	SEPARATION IN KM	
		CITY			ACTUAL	REQ'D
250C3	97.9	Waynesville	MO	KFBDFM	128	43
251C	98.1	Kansas City	KS	KUDL	96	96
252C2	98.3	Columbia	MO	KFMZ	117	117
253C	98.5	Farmington	MO	KTJJ	283	237
254C1	98.7	Springfield	MO	KWTOFM	166	144
255C	98.9	Leavenworth	KS	KQRCFM	103	96
256A	99.1	Girard	KS	KSEKFM	161	42
TV-6		Sedalia	MO	KMOSTV	65	26

AUGUST 2000

PROPOSED RULEMAKING
D & H MEDIA, LLC
CH.253C3 98.5 MHz
WINDSOR, MISSOURI

There are no FM frequencies 10.6 or 10.8 MHz removed from 98.5 MHz so therefore no IF interference can result.

Hence, the proposed allocation of Channel 253C3 to Windsor, Missouri, would meet required separation distances with respect to existing or proposed FM stations and allocations.

The proposed reference site Windsor operation provides city grade service to the community of Windsor without obstruction.

The Community of Windsor is a principal community of Henry County, Missouri and has a population of 3044 according to the 1990 census. This will provide the community of Windsor, Missouri with its first local FM service.

Therefore the table of Allotments in Section 73.202 can be amended as follows:

Warsaw, Missouri

Present: 249A, 253A

Proposed: 249A

Windsor, Missouri

Present: none

Proposed: 253C3

This request for Rulemaking has been prepared in accordance with the appropriate parts of Section 73 of the FCC Rules and Regulations.

Respectfully submitted,

A handwritten signature in cursive script that reads "Timothy C. Cutforth".
